- * This package includes a 5 hour event - usually scheduled ceremony start time (if you have a late start, your start time is the *scheduled* start) to last dance. Additional fees apply if guests remain after end of event (except if they are helping to clean up). A formal exit is a great way to send the message that the event is over. Client (or a trusted friend/family member - often a parent) must be the last to leave venue other than vendors if they are still cleaning up/breaking down.
- * Beer and wine service in pool club house bar is included in the basic, no up-grade package. You provide beer (bottles, cans or kegs with tub and taps), wine, champagne and ingredients for up to two signature drinks. Our bartenders will have disposable cups, cocktail napkins, dispensers and ice. Bar will open after ceremony and last call is made 1/2 hour before end of event. They will have everything boxed up and ready for you to take that night. No “self-serve” alcohol is permitted during event. No outside bar vendors are permitted. Bartenders require a minimum gratuity of \$1.50 per guest, additional can be added at your discretion. See rental page of website for optional glassware rentals.
- * Full bar allows you to bring in a variety of alcohol choices and our staff will have mixers and condiments and a 2nd bartender will be included. Ask for more details.
- * * This package includes basic set up and clean-up which includes management and removal of trash in reception yard and bar, placement of Agua Linda Farm’s chairs, tables and tablecloths, set up and breakdown of bar, set up and breakdown of sound/music needs. It does not include cleanup of catering space, folding napkins, setting tables, placing or removing your decorations, busing tables or clean-up of your personal items. These tasks should be done by you, your family helpers and/or vendors and clean-up must begin immediately following the end of the event. All decorations in reception and ceremony yard are your responsibility to remove

including tossed petals, if applicable. *Note that the ceremony yard is not lit after dark so it is best to assign someone to this area before dark.*

* * * We include white or ivory tablecloths at no additional cost. Please note that we manage these linens ourselves and they may have minor flaws. You have the option to add premium linens which we rent through and outside company. This gives you many color options in a poly-blend.

* * * * We welcome you to add other rental company options to your set up. Ask us for the names of companies that deliver to our area. Note that we often have events the day before or after so rental companies usually need to drop off and pick up same day.
