# IT'S YOUR DAY!

At Agua Linda, we don't believe that anyone wants to be restricted as to the kind of food they wish to serve or the decorations they would like use, so, unlike many venues, we allow you to bring in the caterer, photographer, florist of your choice - giving you the flexibility to have the wedding of your dreams!

# AGUA LINDA FARM *Weddings*

Book your event at Southern Arizona's most beautiful venue!  
Agua Linda Farm is a privately owned 63 acre ranch with sprawling lawns, gardens and incredible mountain views!

Elegant bridal dressing room; fun, casual "groom's cantina"

We have plenty of space for events of up to 300 but because of the way the property is configured, we are also a great choice for smaller weddings and events. The ceremony yard is shaded with mature mulberry and mesquite trees and overlooks one of our pastures and the Santa Rita Mountains beyond. The reception area has a large sprawling lawn with a permanent dance floor, overhead lights and easy access to 4 bathrooms. Our bridal dressing rooms are located in the adobe hacienda and have that old world charm unique to Arizona! Groomsmen will LOVE the western cantina set aside just for them to hang out and get ready before the ceremony! The pool house bar with 12' ceilings, cozy fireplace and Spanish Colonial design is set up and ready to go right after your ceremony! The front courtyard is a favorite with photographers - splashing fountain and adobe walls draped with ivy and roses!

## THE BUSINESS OF LOVE!

We never set out to be in the wedding business but while farming and tending to our incredible property, we found ourselves hosting many events for family and friends (including our own wedding, btw!). Apparently, we are good at it and, of course, the space is just *perfect!* Word got out and we here we are - in the LOVE business! We enjoy what we do and look forward to helping you have a wonderful day making memories that will last a lifetime! - *Laurel and Stewart*

### FLEXIBILITY

Agua Linda Farm is not your typical venue. Clients that book events here - from the small and intimate to the large and spectacular - are looking for a place that is private, beautiful and unique with the space and flexibility to make your event exactly what you dreamed. All events at Agua Linda are exclusive - no others will be taking place on the day that you book so, other than our staff, you will have the property all to yourself!

### BUDGET FRIENDLY

Perhaps you have the budget for a coordinator, elaborate floral arrangements and a 3 course meal on fine china? Great - Agua Linda is the perfect place for your elegant event! **OR** Maybe you are on a budget and are more of a *DIY client*? We allow you to choose outside vendors that are in your price range and wow your guests with the beauty of a venue that looks like you spent a fortune!

### CONVENIENT

Agua Linda feels like it is way out in the country - it is so quiet, so peaceful with no neighbors (no noise ordinances!) and no traffic BUT we are only 30 minutes south of Tucson, 20 minutes north of Nogales and conveniently located close to the freeway. Many lodging options are less than 10 minutes away! Historic Tubac is very close making us a popular destination wedding spot!
