**Cost Worksheet**

Calculate exactly what your wedding will cost at Agua Linda Farm using this cost worksheet. The only varying expenses with us are your liability rider (usually about \$100) and our bartenders will have a tip jar or, (if you prefer no tip jar), you would be responsible for gratuity for bartender(s) and, of course, any additional up-grades/options should you choose to add.

hourly charge for it's use); coffee bar will not leave with your caterer; vintage rentals are here for the whole event, etc.

\*Other items, like heaters, are rented from outside companies, so prices for these items are subject to change.

- \* Beer and wine service is included in the basic package and includes corking, pouring of wine/beer and up to 2 “signature” drinks (margaritas, for example). All beverages served at bar are provided by the client, except water. Ice, white cocktail napkins and disposable cups and attractive signature drink dispenser are included. Bar service does not include table service. One bartender is included. Bar is set up in the pool house/bar. Bartender arrives 1/2 hour before ceremony to set up. Bar service will begin after ceremony. For pre-ceremony add overtime at that cost. Additional cost for 2nd bartender. 2nd bartender is automatically included for headcount over 100 or events going into overtime. Additional cost for more than one bar. No outside bar service vendors are permitted. All alcohol must be served by bartender - no “self-serve” alcohol is permitted. Real glassware may be added for additional cost. Bartenders require gratuity either via your guests and a tip jar or, if you prefer (or if you have serves serving alcohol which usually means your guests do not tip our bartenders), you are required to tip bartender(s) at a minimum of \$2/guest.

**Procurement Service** takes the task of picking up alcohol and bringing to venue (and returning kegs, if needed) out of your hands. ALF will work with your bar list and manage it for you. *This does not include cost of alcohol. ALF does not have a liquor license and cannot charge for alcohol.* You will still enjoy the savings of paying for the alcohol at cost and not having to pick it up/drop off - receipts provided. Unopened bottles belong to you and you will take them with you after your event.

\*\* Full bar service is an up-grade and includes pouring, corking, basic bar mixers and condiments, ice, disposable cups, cocktail napkins and 2 bartenders. Client provides all

alcohol. The bar will be set up in the pool house/bar. Additional cost for changing to outside bar set-up. Additional cost for 2nd bar. No self serve alcohol is permitted.

Basic clean-up/set-up does *not* include placement of table settings, folding or placement of napkins, decorating or removal of decoration, busing, etc. Additional fees will be billed to clients who do not remove personal items, decorations or bus tables (usually caterers provide busing service, but client should not assume this - caterers must be made aware). Client is responsible for *completely* removing personal items/ decorations immediately following end of event - even items that the client plans to dispose of.
- \*\*\*\*\* Coffee bar includes regular coffee, disposable hot cups, sugar and 1/2 and 1/2. Vintage tea cups or mugs may be added for addition cost.
